Mount Alexander Shire Council
Attention: Ursula van Dyk
Corner Lyttleton Terrace and Lloyd Streets
Castlemaine Victoria 3450

Dear Ursula,

RE: Proposed Mount Alexander Planning Scheme Amendment to correct anomalies/errors

I refer to recent discussions between yourself and officers of the Department of Transport to update and correct Mount Alexander Planning Scheme maps.

As per these discussions, the Department requests that the proposed amendment includes changes to the road classification and planning zones as a result of the upgrade of the Calder Freeway between Boundary Road at Taradale and Fogartys Gap Road at Harcourt North.

I understand that the proposed amendments are to include

- Deletion of Public Acquisition Overlay maps implemented for the construction of the Calder Freeway
- Inclusion of RDZ1 zoning for the constructed freeway and connections to the Pyrenees Highway
- Changes to the zoning for the former Calder Highway

I further understand that GIS shape files have been provided to assist the Council and DELWP with mapping the change to the RDZ1 zoning in accordance with gazettal plans for the declared freeway reserve.

I wish to thank Mount Alexander Council for its assistance with this matter. Should you wish to discuss this matter further please contact Len Hall on 0427 305 855, who would be pleased to assist.

Kind regards,

Daya Govender
