SITING OF PRESCRIBED TEMPORARY STRUCTURES - LEGISLATIVE PROVISIONS

Building Act 1993

prescribed temporary structure includes a temporary structure in a prescribed class of temporary structures;

temporary structure includes—

- (a) a booth, tent, marquee or other temporary enclosure, whether or not a part of the booth, tent, marquee or enclosure is permanent; or
- (b) a seating structure whether enclosed or not, including a mobile seating structure.

57 Prescribed temporary structures—special provisions

- (1) An occupancy permit for a prescribed temporary structure may be issued on condition that:
 - (a) the siting of the temporary structure in any municipal district is subject to the approval of the municipal building surveyor of that district; and
 - (b) the erection of the temporary structure is carried out by registered building practitioners.
- (2) More than one occupancy permit can be issued for a prescribed temporary structure but each occupancy permit must not be issued for a period longer than 5 years.

Building Regulations 2018 | Part 14

207 Prescribed temporary structures

For the purposes of the definition of **prescribed temporary structure** in section 3(1) of the Act, the following are prescribed classes of temporary structures, if those structures do not form part of a building other than a temporary structure or temporary building—

- (a) tents, marquees or booths with a floor area greater than 100 m²;
- (b) seating stands for more than 20 persons;
- (c) stages or platforms (including sky borders and stage wings) exceeding 150 m² in floor area;
- (d) prefabricated buildings with an area exceeding 100 m² and that are not placed directly on the ground surface.

210 Conditions of use

Without limiting the conditions to which an occupancy permit may be subject, an occupancy permit for a place of public entertainment may be issued subject to conditions relating to—

- (a) the engagement of safety officers to be in attendance at the place of public entertainment to provide for the safety of the public; and
- (b) the safety training qualifications that must be held by any person engaged as a safety officer; and
- (c) the responsibilities of a safety officer, including—
 - (i) the operation of fire safety elements, equipment and systems; and
 - (ii) the establishment and operation of evacuation procedures; and
 - (iii) the safety of barriers and exits; and
 - (iv) the control of the use of naked flame in theatrical productions; and
- (d) the exclusion of the public from unsafe areas; and
- (e) the keeping, testing and storage of flammable material or explosive items and equipment in a safe manner, to the extent that this is not required by any other Act or regulations; and
- (f) the ignition of fireworks and the discharge of pistols or other shooting devices in a safe and responsible manner, to the extent that this is not required by any other Act or regulations; and
- (g) the location and designation of passageways and exits; and
- (h) the availability of public toilet facilities and the condition of those facilities.
