

Art From The Extended Region Black Saturday Bushfire Memorial Mural to be launched on 7th February 2010

You are invited to contribute to a mosaic tile to the Redesdale fire memorial. The mural will be made up of tiles with a dark or light grey background and a gum leaf motif. A darker background represents greater fire damage. The gumleaf cavity is to be filled with contributions of china or glass from households and each tile in this project will be as visually unique as every individual home in a community is. Distorted finds will be arresting in appearance, and touch friendly. If you lost your home you can provide glass or ceramic pieces to go in the middle of the tile.

FIRE B U R N S
 B I N D S A C O M M U N I T Y

20 local volunteers will mosaic the china into the tiles on behalf of the public, over a 3 month period.

The frame will be erected on the Kyneton Town Hall to promote the project and bushfire related information.
