

Maldon Streetscape Revitalisation Project

Project update – Friday 18 March 2022

Works are progressing in Maldon on the [Maldon Streetscape Revitalisation Project](#) – a long-term initiative to rejuvenate the historic town.

The project has three main areas:

- putting powerlines underground
- restoring shopfronts
- upgrading public spaces such as footpaths, road surfaces, drains, bins and seating.

The process of restoring shopfronts in Maldon is continuing, with works progressively being implemented by independent contractors on behalf of building owners.

Works as part of the Shopfront Improvement Program include re-painting and re-building verandas, and aim to preserve the heritage values of the town for now and into the future.

The Streetscape Improvement Project is another key area of the Maldon Streetscape Revitalisation Project.

Elements as part of this include restoration works on the historic stone culverts. This is currently underway along High Street across to Bendigo Bank, with work now complete in the section from The Kangaroo Hotel to the Maldon CFA.

Works to restore stone drains were halted this week due to inclement weather, with our team monitoring the rain radar regularly and adjusting work plans to reflect any predicted inclement weather.

Resurfacing the asphalt footpaths will progressively follow the restoration of stone drains.

Council and contractors are consulting with affected residents and businesses on the nature of these works, including their potential impact on traffic in the town, and the optimum time to carry them out.

Where possible, works will be carried out on quiet trade days before 12pm, ensuring local trade isn't adversely affected.

In the coming week, we're hoping to conduct a review of the street furniture design, which will be done in consultation with the Heritage Working Group.

This will cover street furniture such as seats and rubbish bins.

Thank you to the community of Maldon for your support, patience and cooperation while works are progressed on the project.
