

Maldon Streetscape Revitalisation Project

Project update – Friday 13 May 2022

Mount Alexander Shire Council is planning to undertake night roadworks in Maldon as part of the [Maldon Streetscape Revitalisation Project](#).

What will the works involve?

Works to replace the road surface will take place at the following locations:

- Main Street between Templeton and High Streets
- High Street car parking between Fountain and Spring Streets

Refer to map on the following page for location of works (area is marked in red).

When are works happening?

To minimise disruption to local businesses, works will be undertaken between 6.00pm and 6.00am.

Works will be undertaken in sections, and are expected to begin at 6.00pm on Sunday 15 May 2022 and be completed by Thursday 26 May 2022 (pending weather conditions). There will be no work undertaken on Friday and Saturday nights.

How will works impact me?

Main Street will be closed to all vehicles during 6.00pm and 6.00am while works are underway. This includes access to businesses.

Pedestrian access may also be limited depending on where the work crew is located each night.

Parking in High Street (listed on map over the page) will be limited at night during the works.

We understand that there may be some disruption while works are underway, and have tried to minimise the impact of these works on residents and businesses by undertaking works at night, in small sections, and not on Friday and Saturday nights.

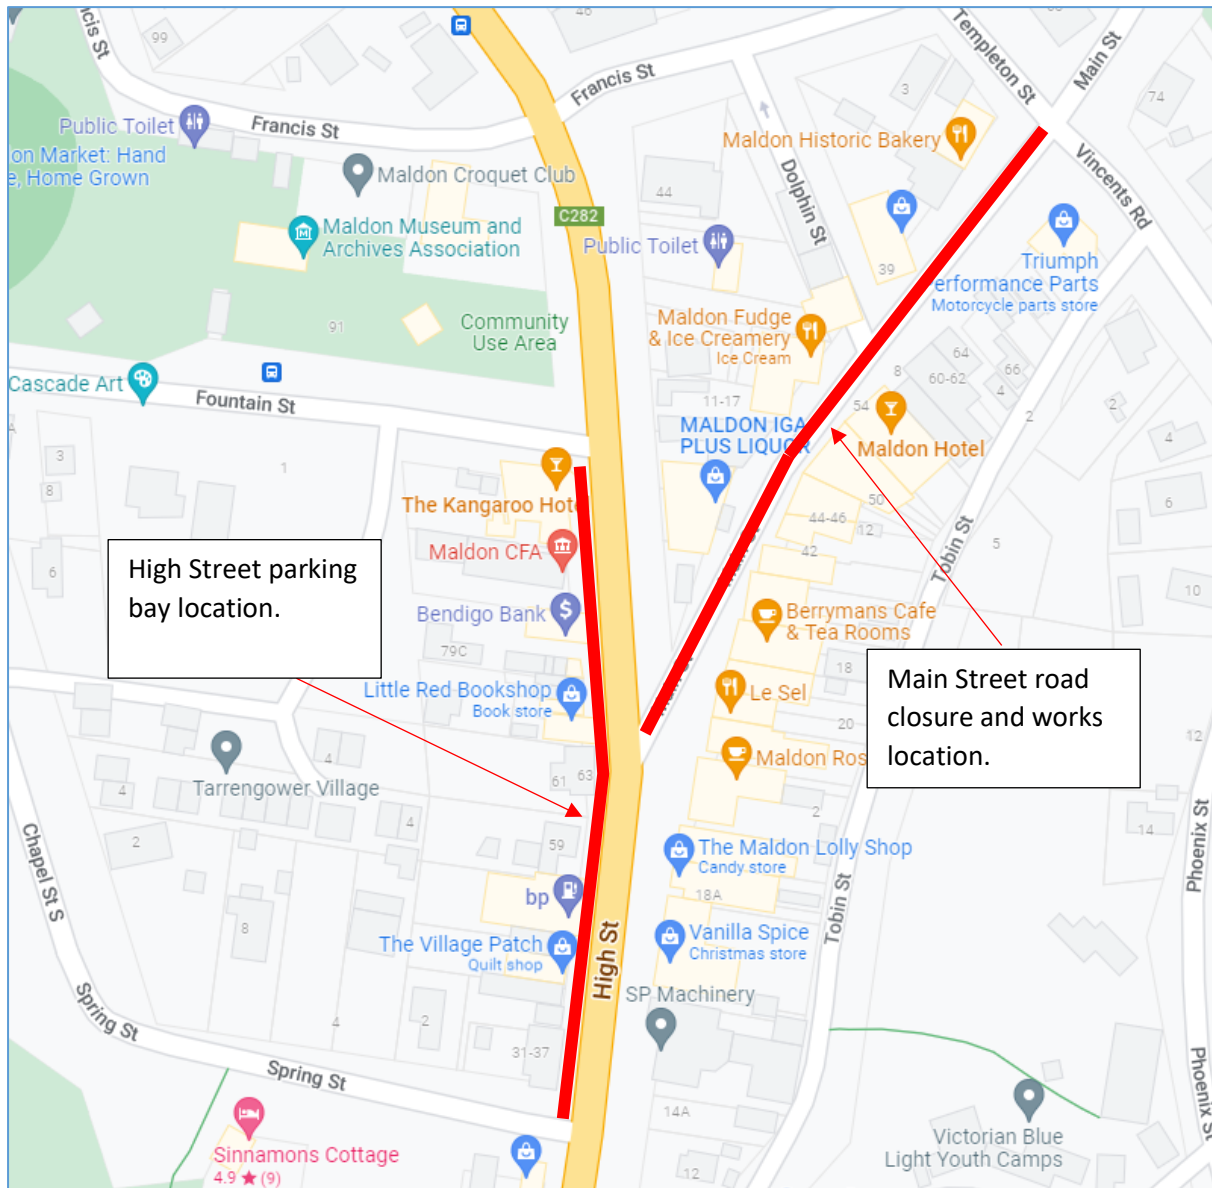

We appreciate your support, patience and cooperation while works are progressed on this project.

Further information

For more information on the roadworks, contact Paul Diss on 5471 1700 or email info@mountalexander.vic.gov.au.
