

Community Recovery News for the Redesdale Area Fires

Dear residents of the fire affected area,

I want to thank you all for your contributions and support for the Community Recovery Newsletter that has been published since June 2009.

The newsletter has been a point of focus for the continued sharing of important information and community connection for residents, agency workers and support groups involved in the fire affected area.

In the early stages, each newsletter was eagerly awaited providing important contact details, available support programs and achievements. In response to the changing needs of the community, the frequency and distribution of the newsletter has also changed.

From September onwards all bushfire recovery information, activities and meetings will be accessible in the local Bridge Connections Newsletter.

To continue being updated you can receive the Bridge Connection for free via email or postal subscription for \$25 per year.

Please contact Berni or Brett Campbell on 5425 5501 or email bridgeconnection@ymail.com

If you have further enquiries regarding any activities involved in bushfire recovery, please do not hesitate to contact me.

Kate Mutsaers

Bushfire Recovery Community Development Officer
