# Avdata Water Management System

## About Your Key

*You have now purchased an Avdata Water Management System key which will allow you to access the system location/s as specified, receive a regular itemised record of usage and pay a combined account.*

*To use your key:*

- 1. Touch the access key against the read head on the control panel.*
- 2. If the key is valid the **Select Outlet** LED will be solidly lit. Access to water will now be permitted.*
- 3. Press the **ON** button for the desired water outlet.*
- 4. Press the **OFF** button when finished or others may access the water at your expense.*
- 5. To avoid wastage the water flow will automatically deactivate after 10,000 Litres or after three minutes of no detected water flow. The above steps must then be repeated to re-activate the water.*

## Terms and Conditions - (Effective 4 November, 2013)

1. These Terms and Conditions apply to all new and existing key holders. They replace all previous Terms and Conditions and may be revised without notice.
2. Avdata reserves the right to reject key registration applications, including those which are incomplete, which are not signed, or where related accounts have not been paid.
3. The purchaser of each key is registered at Avdata as the key holder who is liable for all usage on that key, whether or not the usage was authorised.
4. Avdata must be advised **immediately** on (02) 6262 8111 when a key is reported lost or stolen. Lost or unwanted keys will only be de-registered from the System on receipt of written advice to Avdata.
5. Accounts are issued monthly for usage during the previous month. However some usage may fall outside the period if there has been a delay in obtaining data.
6. Accounts must be paid in full within 21 days of billing, and if not paid by that date, become overdue for payment.
7. Overdue accounts may incur an Overdue Account fee of \$11.00 (plus GST), and if keys are deregistered due to non-payment may incur a Key Re-registration fee of \$20 per key (plus GST) for each key. Keys will not normally be re-registered until the account is paid in full.
8. Avdata may vary these conditions, fees, and charges at any time without notice.
9. The registered key holder is liable for and agrees to pay all legal and other costs and expenses incurred in recovering unpaid amounts.
10. This agreement shall be governed by and construed in accordance with the laws in force in the Australian Capital Territory and be submitted to the exclusive jurisdiction of the courts of that Territory.

## Notes:

1. Accounts will show the tag number of the key used to operate water points, minutes of usage, and charge.
2. You may provide a description such as a vehicle registration number to appear against each key. This may be amended by contacting Avdata.
